Professional Summary

Aspiring Software Engineer with strong expertise in Python, Java, SQL, REST APIs, and software engineering principles. Hands-on internship experience at Walmart Global Tech contributing to backend development, testing, debugging, Agile delivery, and SDLC activities. Built scalable Python applications, FastAPI services, GenAI-powered solutions, and machine learning models while following clean coding, version control, and collaborative development practices.

Technical Skills

Programming: Python, Java, SQL
Backend: FastAPI, Spring Boot, REST APIs
Database: SQL Server
AI/ML: LangChain, RAG, FAISS, OpenAI API, Scikit-learn, Logistic Regression
Methodologies: Agile, SDLC
Practices: Testing, Debugging, Version Control, Clean Code
Tools: Git

Experience

Software Developer Intern Month Year – Month Year
Walmart Global Tech, Bangalore, India

- Developed clean, maintainable backend components using Java while following Agile and SDLC practices.
- Collaborated on REST API development, debugging, testing, code reviews, and Git workflows to deliver reliable software.
- Prepared technical documentation and participated in design discussions to improve software quality and maintainability.

Projects

Smart E-Commerce Support Chatbot

- Developed a GenAI-powered chatbot using Python, LangChain, FAISS, OpenAI API, and FastAPI.
- Independently designed, implemented, tested, debugged, and deployed the solution.
- GitHub:** [github.com/yourusername/chatbot-repo](#)

FastAPI CRUD Application

- Built a RESTful CRUD backend using FastAPI with structured validation and modular architecture.
- Performed end-to-end testing and debugging before deployment.
- GitHub:** [github.com/yourusername/fastapi-crud](#)

Customer Churn Prediction

- Built a Logistic Regression model achieving 82% prediction accuracy.
- Performed feature engineering, preprocessing, and evaluation to enable data-driven customer retention strategies.

Education

B.Tech, Computer Science (Data Science) 2022–2026
Aditya University

Achievements

- Successfully completed a Software Developer Internship at Walmart Global Tech.
- Independently designed, developed, tested, and deployed a GenAI application using Python.
